MEMORANDUM FOR THE GENERAL COUNSEL, DIA

SUBJECT: DCI Legislative Initiatives

B.11:

The General Defense Intelligence Program needs legislation giving it the same employment disclosure exemptions that CIA and NSA have. It needs also the same personal services contracting authority that CIA has.

Please take action to include language in the DCI's FY 1988 legislative package that would:

-- In addition to exemptions provided for the National Security Agency in PL 86-36, 50 U.S.C. 402, exempt all other DOD agencies, units, and activities in the National Foreign Intelligence Program from all requirements to disclose the names, titles, salaries, and number of persons employed by or assigned to them.

-- Notwithstanding the provisions of any other law, permit the General Defense Intelligence Program Manager to authorize DOD intelligence agencies, units, and activities to contract for personal services when a personal services contract is: (a) for DCI-approved activities that must be under direct government supervision, (b) for services needed for less than three years, when full-time government employment would be uneconomical, or (c) more efficient than other contracts.
